Colour: **Solar Silver (Metallic Paint)**

Body: **5 door SUV**

Ebony Cloth Interior interior, The 2025 Ford Puma Gen-E Standard Range Premium is a fully electric vehicle that has been well maintained by its single previous owner. With a low mileage of just 6,672 miles, this example offers a reliable entry into electric motoring. It is powered by a 53 kWh battery, which provides a maximum range of 226 miles when new. When you need to top up on the go, the vehicle supports rapid public charging, allowing it to reach an 80 percent charge in as little as 36 minutes.

This model is equipped with a range of technology designed to make daily driving more convenient and secure. The interior features a 12in landscape touchscreen display that supports wireless Apple CarPlay and Android Auto for seamless connectivity. Parking is simplified by the inclusion of a 360 degree camera, front and rear sensors, and a rear view camera. Safety is further enhanced by the Advanced Driver Assistance Pack, which includes blind spot assistance. The vehicle also prioritises ease of use with the Comfort Pack, providing keyless entry and a power start button, while the generous boot space ensures that practicality remains a key strength for everyday journeys.
