Transmission:	**Automatic**	Colour:	**Digital Aqua Blue (Metallic Paint**
Mileage:	**5000 miles**	Body:	**5 door SUV**

Ebony Cloth Interior interior, The 2025 Ford Puma Gen-E Standard Range Premium is a fully electric vehicle that offers a practical and modern driving experience. This particular example has covered only 5,000 miles from new and has been maintained by just one owner, ensuring it remains in excellent condition. As a Premium trim model, it combines the efficiency of an electric powertrain with a high level of specification, making it a well-rounded choice for those seeking a reliable and contemporary car.

This vehicle is designed to make daily journeys easier and more comfortable through a range of thoughtful features. It includes an Advanced Driver Assistance Pack, which provides Blind Spot Assistance, a 360-degree camera, and front parking sensors to help with manoeuvring in tight spaces. The exterior is finished in Digital Aqua Blue and features glare-free Matrix LED headlamps with auto high beam for improved visibility. Inside, the cabin is kept comfortable with electronic automatic temperature control, while the keyless entry and power start button add convenience to every trip. With a 53 kWh battery offering a range of up to 226 miles and the ability to charge from empty to 80 per cent in 36 minutes at a public charger, it is well-suited for both city driving and longer distances. Furthermore, the vehicle provides a large boot space, offering practical storage solutions that enhance its overall utility compared to many other cars in its class.
